

HAP MOUNTING BRACES

Locator dimples on face of the bar allows for exact positioning of a single or multiple HAP SuMo Hangers.

The dimple allows screws to start quickly and prevents screws from stripping out when attaching the HAP SuMo Hangers.

The mounting legs are bendable and can be used on metal or wood studs.

The brace length is adjustable to fit to your specific mounting needs

KEEP OUT OF REACH OF CHILDREN.

Common Applications

HAP System pipe brackets are designed to hold & protect pipes securely and provide protection from nails or screws penetration.

Contact HAP System for applications not specifically referenced above.
